## HouseCallRehab.com

HouseCallRehab.com is a new, internet-based, technology designed to enhance the use and compliance of active-care therapies for physical medicine patients.

HouseCallRehab is designed for chiropractic, physical therapy, or other practitioners who use (or want to use) active-care approaches to improve outcomes, improve documentation, and improve communication with their patients.

### Primary Features

**\*Internet-based technology that supports and enhances existing Electronic Medical Record systems**

**\*Library of over 400 clinically proven exercises and techniques to prescribe and communicate with patients**

**\*Internet-based communication system designed to improve the patient/provider relationship and information-sharing with the patient**

**\*An easy-to-use on-line marketplace of equipment and supplies that provides a revenue-generation resource for the practitioner**

### Sponsoring Organizations

Associations  
Academic Institutions  
Medical Groups/Practices

### Benefits

**\*Encourages use and compliance of active-care therapies for individual patients**

**\*Interfaces with current technology and Electronic Medical Records**

**\*Saves time/Improves Office Efficiency**

**\*Measures outcomes and results**

**\*Improves patient/provider communication**

### Our Arrangement

Collaboration Health Care, Inc. has established a relationship to distribute HouseCallRehab.com to organizations interested in strengthening active-care solutions for their participants (employees/contractors/members). This arrangement provides sponsoring organizations with:

**\*Discounted monthly subscription**

**\*Revenue Sharing for Subscribers**

**\*Revenue-Sharing for Sponsoring Organizations**
